

## PRODUCT TYPES

Tranquility® believes Veterans deserve an incontinence solution that addresses their unique journey, so we offer a wide selection of products, styles and sizes to meet your individual needs.

**Pads, Liners and Guards** are absorbent pads designed for light to moderate incontinence. An adhesive strip holds the pad securely in regular underwear to provide discreet protection.

**Protective Underwear** are pull-on products that fit like regular underwear. The soft, elastic waistband provides a discreet and comfortable fit. Protective underwear is for moderate to maximum incontinence protection.

**Briefs** are tab-style products that provide the highest level of protection, designed to contain both urine and bowel. Available in either a poly (plastic) backsheet or a clothlike backsheet for added comfort and breathability.

**Booster Pads** are flow-through pads designed to add absorbent capacity to your primary incontinence product. The flexible design allows for personalized positioning to add protection when and where it is needed – ideal for pairing with protective underwear or brief-style products.

**Underpads** provide an additional layer of protection to safeguard surfaces, such as bedding, furniture and wheelchairs, from heavy leakage and odor.

## GUARANTEE

Supporting peace-of-mind, dignity and skin health is at the heart of what we do at Tranquility. We carefully design and test our products to absorb and retain their stated fluid capacity, whether you are sitting, standing or on-the-move. This premium absorbent protection holds up to the true demands of everyday activities, so you can live freely and confidently, with fewer worries.
